Idéias para conquistar você!

Fizemos essa edição da SuperPrática Ponto Cruz Extra com muito carinho e bastante dedicação. Toda a equipe se empenhou para reunir idéias de gráficos encantadores e matérias para agradar você! Quer criar peças originais para a criançada? Então não deixe de bordar os monogramas criativos em todas as peças que você desejar! Atendendo a pedidos que chegam na redação todos os dias, damos várias opções de vaquinhas na seção "Você pediu!". Seu café da tarde nunca mais será o mesmo depois de bordar a semaninha com leite, pão e bolo que preparamos. Está puro charme! A diversão está garantida com os motivos meigos inspirados nos brinquedos dos parques. E a família urso chegou para conquistar seu coração, não deixe de bordar direitinho. E tem muito mais: é só conferir!

Um beijo de toda a redação,

Rosane Coutinho

Tira-dúvidas

"Estou bordando uma toalha com o nome João e não encontrei em nenhuma revista como se faz o til em ponto cruz, só feito em contorno. Tentei fazer, mas não ficou bom. Também gostaria que me falassem como se faz acabamento em toalhas para homens. Se coloca bordado inglês, crochê?"

Anadeth Costa Silveira, Uraí, Paraná

"Você pode fazer o til de várias maneiras. Uma delas é fazer em ponto cruz uma reta, em cima da letra. Por exemplo, sua letra tem 10 pontos. Você faz o til com ponto-cruz nos 8 pontos centrais. Já o til arredondado, você só consegue fazendo a olho, bordando o desenho de acordo com o tipo e tamanho da letra. Para toalhas masculinas, muita gente usa bordado inglês e crochê, mas acho que o viés e mesmo a sianinha formam um acabamento mais adequado. Em lojas especializadas você encontra galão bordado, que também faz um bonito acabamento nesse caso."

Dica

Compre em lojas especializadas um kit de jogo americano e borde uma dessas lindas cantoneiras em cada toalha. Ideal para servir almoços ou jantares de um jeito todo especial.

É fácil bordar!

Aprenda a fazer o ponto cruz passo a passo

Material

Use a **linha mouliné**. Ela vem com 6 fios enrolados. Corte de 30 a 40cm e separe os fios pelas pontas.

Escolha **agulhas pequenas e sem pontas**. As de números 22 e 24 são as mais indicadas.

Separe duas **tesouras**: uma pequena com ponta fina para cortar a linha e outra grande e afiada para cortar o tecido.

O **bastidor** é um aro de plástico ou madeira que serve para esticar o tecido.

Os **tecidos** mais usados são a étamine e o cânhamo.

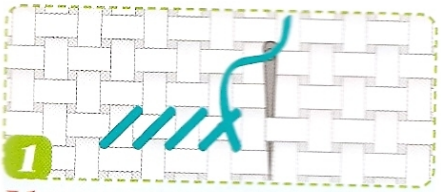
No lugar

Para saber se o motivo vai caber no tecido, divida o número de pontos do gráfico pelo número de pontos que cabem em 1cm de tecido (use uma régua para medir). Exemplo: um gráfico com 40 x 20 pontos, se for bordado em étamine (4 quadrados por centímetro) vai ter 10cm (40÷4=10) por 5cm (20÷4= 5).

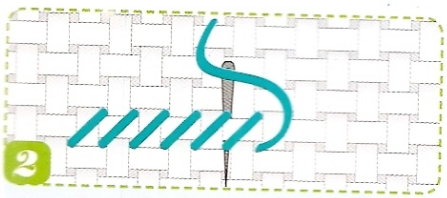
Para começar

Passe a agulha com a linha do avesso para o direito do tecido. Deixe uma ponta no avesso de 3cm. Segure-a com os dedos e faça os primeiros pontos, prendendo-a pelo avesso.

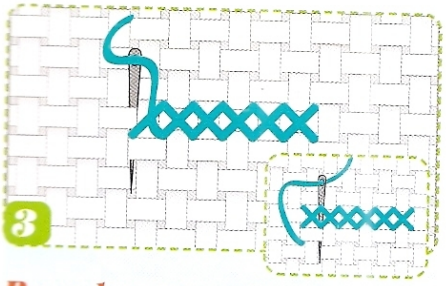
Passo a passo



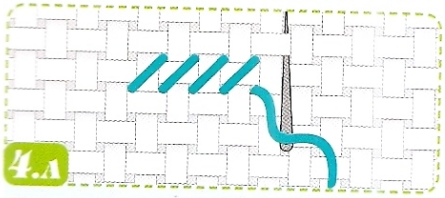
Ida: Entre 1 quadradinho acima e para o lado direito, saindo no quadradinho abaixo. Repita o procedimento para os demais pontos.



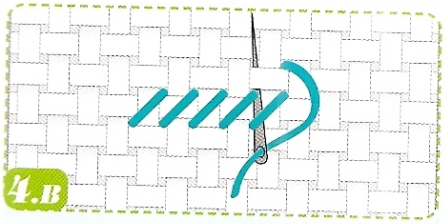
Volta: Faça o mesmo movimento no sentido contrário, vindo da direita para a esquerda, completando o ponto.



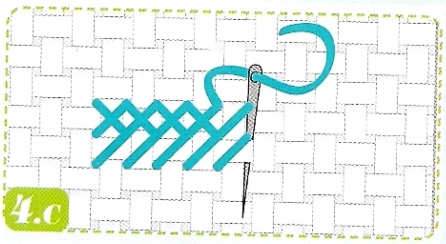
Para descer: Quando completar o último ponto, saia com a agulha 1 quadradinho abaixo da carreira que acabou de bordar, do avesso para o direito. Comece uma nova carreira.



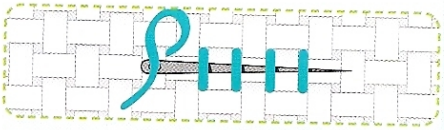
Para subir: Comece a primeira carreira e, antes de voltar para completar o ponto, saia com a agulha 1 quadradinho acima de onde estava trabalhando.



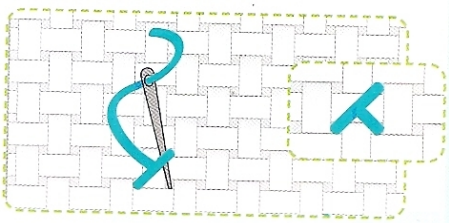
Borde introduzindo a agulha de baixo para cima, saindo 1 quadrado acima da primeira carreira.



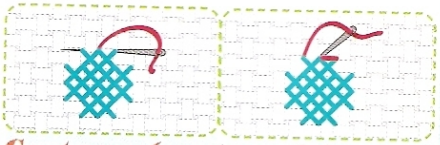
Volte completando a carreira de cima. Quando chegar no último, saia com a agulha 1 quadrado abaixo, e complete os pontos da carreira inferior.



Arremate: Saia com a agulha no avesso e passe por baixo de quatro pontos. Não dê nó.



Meio ponto: Faça um ponto na diagonal. Volte com a agulha do avesso, saindo com ela no meio do ponto. Complete o meio ponto introduzindo a agulha no furo de um dos cantos. No gráfico, aparece como meio quadrado (◪).



Contorno (ponto-atrás): Saia com a agulha no lado direito, introduza 1 quadradinho atrás e saia novamente no direito 1 quadradinho à frente. Arremate prendendo a linha no próprio ponto, no lado do avesso.
